## Internist in Clearwater Offers Patients a Noninvasive Nerve Conduction Test

Dr. Stephen Scranton, an internist in Clearwater, is now offering patients the convenience of a noninvasive nerve conduction test in his office practice. The FDA-cleared NC-Stat System supports diagnosis of neuropathies such as carpal tunnel syndrome, sciatica and diabetic neuropathy. NC-Stat accurately evaluates peripheral nerve function enabling Dr. Scranton to diagnose and implement a timely treatment plan.

*Stephen Scranton, M.D., FACP, practices at 3253 North McMullen Booth Road, Suite 200, Clearwater, FL 33761. He can be reached at (727) 725-6174. ■*
